

LEGURMÊ

Brazilian Healthy Sauces

In our products, we place much more than tasty and healthy recipes.

They also carry our love for organic agriculture, which does not harm the environment by not using pesticides.

They carry our support to small farmers.

And they carry our mission to avoid waste by using non-standard legumes and making the most of each ingredient.

Real tasty and healthy products!

All our products have the features below

Cultivated by small farmers and making most of non-standard vegetables

Vegan

No animal ingredients

Fresh ingredients

More texture and handmade appearance

It was from a homemade recipe and from the passion for real tasty and healthy foods that Legurmê was born.

With modern equipment and rigid quality controls, from the farming to the traceability of the final product, Legurmê supplies its products throughout the Brazilian territory, from gourmet markets to large retail chains such as Carrefour and Pão de Açúcar (Cassino).

The company also specialized in the supply of private label antipasti and sauces, such as MasterChef, Taeq / Qualitá (Cassino) and Jasmine (Sante et Nutrition).

All the products of the brand are organic, without preservatives, gluten-free, vegan, and made with fresh ingredients. The company's accelerated growth is due to a dedicated team, quality attention, and to pioneering in the sector of organic sauces and condiments.
